Let Trilogy help add more
flavor to every sip

Where there is innovation in beverage enjoyment, there is Trilogy helping to shape and define the cutting edge of flavor enhancement. Mexico is out in front on this trend. In the past three months alone, Mintel reports that 153 new beverage products have been launched.

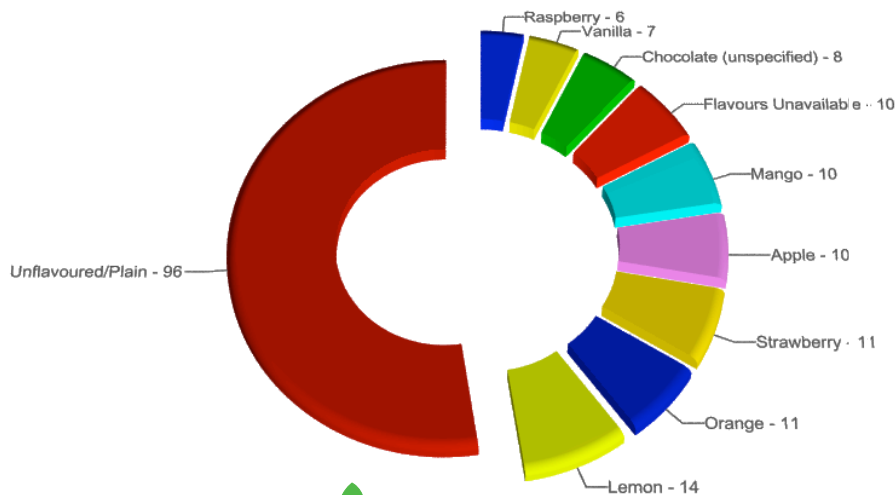

Little wonder. The richness of Mexican life demands the very best in trend setting innovations and beverage consumption is no exception.

In Mexico the goal is more than the satisfaction of thirst; it is to complement and enrich both culture and cuisine. No one understands this better than Trilogy and we are prepared to
